FREE SOFTWARE END-USER LICENSE AGREEMENT RL-PROTECT™, SAFE VIEWER™, SPECTRA RESOLVE™, SPECTRA CODE™, AND OTHER DESIGNATED FREE SOFTWARE

1. **Grant of License.** Subject to the terms and conditions provided in this Agreement, RL hereby grants to you a nonexclusive and nontransferable license (without the right of sublicense) to use, in object code form, rl-protect™, SAFE Viewer™, Spectra Resolve™, Spectra Code™, and any other RL software that RL makes available without charge and expressly identifies as governed by this Agreement at the time of download or installation, including any Updates provided under this Agreement (collectively, the “Software”), solely for your internal use. Such license also includes the right to use any documentation made available by RL to you (the “Documentation”) solely for your internal use. The Software and the Documentation are referred to together herein as the “Products”.
2. **Scope of License.**
 - (a) This license commences immediately upon your downloading the Software and continues until this license is terminated as provided pursuant to Section 6 below. The license granted to you pursuant to Section 1 above is subject to the other terms set forth in this Agreement.
 - (b) Any update, upgrade, patch, correction, configuration change, or replacement version of the Software made available by RL under this Agreement (each, an “Update”) shall be considered part of the Software and subject to this Agreement. This Agreement does not govern any fee-based software, cloud service, data offering, maintenance service, or professional service that is subject to an Order Form or another written agreement between RL and you or the Corporate Entity.
3. **Third-Party AI Services, Code Changes, and Automatic Updates.**

- (a) Certain Software functionality may permit you to connect the Software to an artificial intelligence or machine learning model, application, platform, or service selected, supplied, and configured by you (a "Third-Party AI Service"). Third-Party AI Services are supplied by third parties and are subject to the applicable third party's terms, privacy practices, security practices, usage restrictions, and fees. RL does not provide, host, operate, control, or supervise any Third-Party AI Service. You are solely responsible for selecting, obtaining, configuring, securing, monitoring, and using each Third-Party AI Service, including its access credentials, permissions, data-retention settings, training settings, and other controls. You represent and warrant that you have all rights, permissions, and lawful bases required to submit any code, files, prompts, data, or other materials to a Third-Party AI Service. The Software may, at your direction, transmit code, files, prompts, metadata, findings, or other information to a Third-Party AI Service. You are solely responsible for determining whether such transmission is appropriate and for preventing the disclosure of confidential information, personal data, regulated information, or other restricted content. You shall not configure or use a Third-Party AI Service in a manner that permits RL-provided data or RL proprietary information to be used to train, fine-tune, develop, validate, benchmark, or otherwise improve any artificial intelligence or machine learning model, algorithm, or system. Any response, recommendation, explanation, code, or other material generated by a Third-Party AI Service ("AI Output") may be inaccurate, incomplete, misleading, insecure, nonfunctional, or unsuitable for your purposes. RL does not author, control, verify, endorse, or warrant any AI Output or any decision, action, or result based on AI Output. Your use of and reliance on AI Output is at your sole risk.
- (b) All findings, analyses, recommendations, explanations, AI Output, proposed patches, and suggested code changes made available through the Software are provided solely for informational purposes. They do not constitute instructions, professional advice, a security certification, or a representation that any code is accurate, complete, secure, free from vulnerabilities, non-infringing, compatible with any system, or suitable for production use. The Software may permit you to initiate, approve, or implement changes to code or other files. Any such change is made at your direction and under your control. RL does not approve, direct, or assume responsibility for your decision to accept, reject, modify, test, deploy, or rely on any proposed change. You are solely responsible for conducting qualified human review, maintaining backups and version-control records, testing changes in an appropriate non-production environment, conducting security and compatibility testing, obtaining required internal approvals, and independently validating all changes before deployment or other use. You assume all risk arising from code or file changes initiated, approved, or implemented through the Software.
- (c) As described in this Agreement, any update, upgrade, patch, correction, configuration change, or replacement version of the Software made available by RL (each, an "Update") is considered part of the Software and subject to this Agreement. The Software may periodically communicate with RL systems to check for, download, and install Updates. Updates may be downloaded and installed automatically, with or without additional notice to you. By downloading, installing, or using the Software, you acknowledge and authorize this automatic-update functionality. RL may determine the timing, content, and availability of Updates. An Update may add, remove, replace, or modify features and may affect the Software's compatibility, performance, configuration, or interoperability with other software or systems. You are responsible for maintaining appropriate backups, recovery procedures, system configurations, and testing processes. RL does not warrant that any Update will be uninterrupted, error-free, backward-compatible, or compatible with your systems or configurations. Update-related issues remain subject to the warranty disclaimer and limitation of liability set forth in this Agreement.

- (d) Upon termination of this Agreement, all licenses granted to you hereunder shall automatically terminate except as expressly stated in this Agreement. You shall immediately cease using the Software and shall return all property in your possession belonging to RL. Sections 3, 4, 6, 7, 8, 9, 10, 12 and 13 hereof will survive termination of this Agreement.

7. **Audit Rights/Use Verification.** RL shall have the right, solely to verify your compliance with this Agreement, upon reasonable advance written notice and in a manner that does not unreasonably interfere with your business operations, and you shall reasonably cooperate with RL in connection therewith, to inspect and audit your use of the Products. This Section applies only to Products governed by this Agreement, and any verification or audit of products or services governed by another written agreement shall be conducted solely under that agreement.

8. **Warranty Disclaimer/ Limitation of Liability.**

- a. THE PRODUCTS ARE PROVIDED “AS IS” AND ALL WARRANTIES, EXPRESS OR IMPLIED, ARE EXCLUDED AND DISCLAIMED, INCLUDING WITHOUT LIMITATION THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT, AND ANY WARRANTIES ARISING BY STATUTE OR OTHERWISE IN LAW OR FROM COURSE OF DEALING, COURSE OF PERFORMANCE, OR USE OF TRADE.
- b. RL AND ITS LICENSORS SHALL HAVE NO LIABILITY TO YOU (OR ANY OF YOUR EMPLOYEES, AFFILIATES, AGENTS, OR PARTNERS) OR ANY THIRD PARTY RELATING TO THIS AGREEMENT OR YOUR USE OF THE PRODUCTS WHETHER IN CONTRACT, TORT (INCLUDING NEGLIGENCE), PRODUCT LIABILITY, OR OTHERWISE. WITHOUT LIMITING THE FOREGOING, RL AND ITS LICENSORS SHALL HAVE NO LIABILITY ARISING FROM OR RELATING TO ANY THIRD-PARTY AI SERVICE, AI OUTPUT, UPDATE, OR MODIFICATION, CORRUPTION, DELETION, LOSS, DISCLOSURE, MALFUNCTION, VULNERABILITY, OUTAGE, SERVICE INTERRUPTION, OR OTHER DAMAGE CAUSED BY OR ASSOCIATED WITH YOUR ACCEPTANCE, IMPLEMENTATION, DEPLOYMENT, OR USE OF ANY FINDING, RECOMMENDATION, AI OUTPUT, PATCH, OR CODE CHANGE. IN NO EVENT WILL RL OR ITS LICENSORS OR ANYONE ELSE WHO HAS BEEN INVOLVED IN THE PERFORMANCE OF THIS AGREEMENT ON BEHALF OF RL, INCLUDING ITS EMPLOYEES, AFFILIATES, AGENTS, PARTNERS, REPRESENTATIVES, OR SUBCONTRACTORS, BE LIABLE FOR (A) ANY INDIRECT, INCIDENTAL, SPECIAL, RELIANCE, EXEMPLARY, COVER OR CONSEQUENTIAL DAMAGES, INCLUDING BUT NOT LIMITED TO LOST PROFITS OR REVENUE, LOST BUSINESS OPPORTUNITIES, LOST SAVINGS, LOST DATA, OR COMPUTER FAILURE, EVEN IF RL HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES OR (B) ANY DAMAGES IN EXCESS OF FIFTY DOLLARS (\$50.00).

Ownership. Except for Open-Source Components and other third-party materials identified in the applicable notices, you acknowledge and agree that (i) as between RL and you, all right, title and interest in and to the Products and all derivatives thereof (including any and all patents, copyrights, trade secret rights, trademarks, trade names and other proprietary rights embodied therein or associated therewith) are and shall remain RL’s or its licensors’, and this Agreement in no way conveys any right or interest in the Products other than a limited license to use them in accordance herewith, and (ii) the Products are works protected by copyright, trade secret, and other intellectual property rights.

9. **Open-Source Components.** The Software may contain or be distributed with third-party software components made available under open-source or similar licenses (“Open-Source Components”). Open-Source Components and their applicable copyright notices, attribution notices, license terms, and source-code availability information, if any, are identified in the Documentation or in notice,

attribution, installation, or similar files accompanying the Software ("Open-Source Notices"). Each Open-Source Component is licensed under and subject to its applicable open-source license. To the extent an applicable open-source license grants you rights that conflict with a restriction in this Agreement, that open-source license will control solely with respect to the applicable Open-Source Component. Nothing in this Agreement limits rights that cannot lawfully be limited under an applicable open-source license. Except to the extent required by an applicable open-source license or applicable law, Open-Source Components are provided "as is," without warranties or support obligations of any kind, and RL and the applicable licensors and contributors disclaim liability arising from their use to the maximum extent permitted by law.

10. **Governing Law, Venue and Injunctive Relief.** This Agreement shall be governed by and construed in accordance with the laws of the Commonwealth of Massachusetts, USA, without regard for its laws pertaining to conflicts of laws. The exclusive venue for all cases related to or arising out of this Agreement shall be the federal and states courts in the Commonwealth of Massachusetts, and both parties submit to the personal jurisdiction of those courts, except that, at the option of either party, an injunction proceeding may be brought in any venue having jurisdiction. The United Nations Convention for the International Sale of Goods shall not apply to this Agreement. If any of the provisions, or portions thereof, of this Agreement are invalid or unenforceable under any applicable statute or rule of law, the court shall reform the contract to include an enforceable term as close to the intent of the original term as possible; all other terms shall remain unchanged. You agree that money damages would be an inadequate remedy for RL in the event of a breach or threatened breach by you of the provisions set forth in Sections 2 or 4; therefore, in the event of a breach or threatened breach by you of any such provision, RL may, either with or without pursuing any other remedies afforded it by law, immediately obtain and enforce an injunction from any court of law or equity prohibiting you from breaching such provisions.
11. **Export; Government Rights.** You acknowledge that the Products and related technical data and services (collectively "Controlled Technology") are subject to the import and export laws of the United States, specifically the U.S. Export Administration Regulations (EAR), and the laws of any country where Controlled Technology is imported or re-exported. You agree to comply with all relevant laws and will not export any Controlled Technology in contravention to U.S. law nor to any prohibited country, entity, or person for which an export license or other governmental approval is required. The Products, including the Controlled Technology are prohibited for export or re-export to Cuba, North Korea, Iran, Syria, Sudan, Crimea and covered regions of Ukraine and to any country subject to relevant trade sanctions. You hereby agree that you will not export or sell any Controlled Technology for use in connection with chemical, biological, or nuclear weapons, or missiles, drones or space launch vehicles capable of delivering such weapons. The following provision applies only if you are a branch or agency of the United States Government or is licensing the Product on behalf of the United States Government. The Products have been developed at private expense and are sold commercially. The Products are comprised of "commercial computer software" and "commercial computer software documentation" as such terms are used in 48 C.F.R. 12.212 (SEPT 1995) and are provided to the Government for acquisition by or on behalf of civilian agencies, consistent with the policy set forth in 48 C.F.R. 12.212; or for acquisition by or on behalf of units of the Department of Defense, consistent with the policies set forth in 48 C.F.R. 227.7202-1 (JUN 1995) and 227.7202-3 (JUN 1995). Certain components of the Products may also be Commercially Available Off-the-Shelf (COTS) items, as defined in FAR 2.101. The Products are provided under any U.S. government contracts or subcontracts with the most restricted and the most limited rights permitted by law and regulation. Whenever so permitted, the government and any intermediate buyers will obtain only those rights specified in RL's standard commercial license. Thus, the Products provided by RL hereunder, which are provided to any agency of the U.S. Government or U.S. Government contractor or subcontractor at any tier shall be subject to the maximum restrictions on use as permitted by FAR 52.227-19 (June 1987) or DFARS 227.7202-3(a) (Jan. 1, 2000) or successor regulations
12. **Whole Agreement/General.** This Agreement constitutes the entire agreement between you and RL related to the Software governed by this Agreement. If you or the Corporate Entity has entered

into a separate written agreement with RL governing software, cloud services, data, maintenance services, or professional services obtained under an Order Form, that separate agreement governs those ordered products and services, and this Agreement separately governs Software made available without charge and expressly identified as subject to this Agreement. This Agreement does not amend or expand any license, data right, warranty, support obligation, service level, indemnification obligation, or liability allocation under a separate written agreement. Any access to or use of RL-provided data remains subject to the agreement under which that data was licensed. If a separate written agreement or Order Form expressly identifies the same Software as governed by that agreement, the separate written agreement will control to the extent of any conflict. Fees paid for other RL products or services will not be included when calculating liability under this Agreement. All additions, amendments or modifications of this Agreement shall be binding upon the parties, only if the same shall be in writing and duly executed by you and RL. Performance of any obligation required by a Party hereunder may be waived only by a written waiver signed by an authorized representative of the other Party, which waiver shall be effective only with respect to the specific obligation described therein. The failure of either Party to exercise any of its rights under this Agreement will not be deemed a waiver or forfeiture of such rights. The invalidity or unenforceability of one or more provisions of this Agreement will not affect the validity or enforceability of any of the other provisions hereof, and this Agreement will be construed in all respects as if such invalid or unenforceable provision(s) were omitted.
